Underground Built Heritage as catalyser for Community Valorisation

WG 5

Florin Nemtanu

First Working Groups Meeting
Ancona, June 6-7 2019
<http://underground4value.eu/>

The team (it is open):

- Charalampos Baniotopoulos
- Tatjana Pivac
- Tony Cassar
- Klaudia Tvergyak
- Agisilaos Economu
- Dov Winer
- Artan Nisa
- Renata Salvarani
- Susana Martinez Rodriguez
- Florin Nemtanu

Dissemination activities:

- The first way is to increase the visibility on social media channels. We encourage all the members to be part of the Facebook group.
- Professional social media:
- The LinkedIn group is also available – the same kind remark to all members to join it and be active.
- A Researchgate project is online and we have the opportunity to add valuable things there.
- An account on Instagram will be opened soon. The members are encouraged to send pictures related to the underground places.
- We will establish a YouTube channel and after the meetings Giuseppe and the communication team will provide us movies and pictures to update the content of the channel.

Dissemination activities:

- The website of the action is online and the link between the webpage and the LinkedIn and Facebook groups are ready done.
- The dissemination through conferences and scientific and academic events – there is a list with these conferences and the members are invited to add more conferences. Information and scientific articles are well accepted as dissemination vehicles for our action. For scientific articles, Open Access publications will be targeted.
- Newsletter – 1 newsletter every semester, simple structure and the logo and identity signs – a draft was already proposed. The newsletter content is: the topics, the message of the chair, the message of the editor (Renata Salvarani), announcements, short articles, calendar of the action.
- Webinar – films from training schools – and also from early carrier researchers – Tonny Cassar will provide technical assistance.
